A FEARFUL ACCIDENT.

Two People Injured By a Falling Fire Ladder Yesterday.

A most unfortunate accident occurred on the corner of South Elm and East Washington streets yesterday afternoon and as a result Mr. J. A. Byrd, proprietor of a barber shop in the McAdoo house building, and Lizzie Scott, a colored woman who lives in Jonesboro, suburb, lie in dangerous conditions at their respective homes. Mr. Byrd is suffering from a four and a half inch gash on the head. His physicians say that the wound would not be considered serious on a strong man but Mr. Byrd has been in bad health for some time and is of a very delicate constitution. He is receiving the best of attention however, and his recovery is not doubted.

The colored woman received a gash an inch and a half long on the forehead, and a bruise on the head. Both bones of the right leg are broken two inches above the ankle, and the left shoulder is slightly bruised. She is 59 years old, but Dr. Turner, who is attending her, says that she will most probably recover unless other sickness is contracted.

The accident occurred at 5:30 o'clock and physicians were at once summoned. Drs. Michaux and Ledbetter attended Mr. Byrd, while Dr. Turner dressed the woman's wounds. The ever-ready firemen assisted in every way they could.

Just how the accident could have happened is a mystery. The firemen had just come out to practice, and were preparing to hoist the ladder at the National Bank building. There was no apparent danger, but as a precaution, Chief Pleasants frequently requested passers by to walk around the truck. Some, who probably did not hear any of the repeated requests, walked under the raised ladder, and it was two of these who were injured. When the ladder had been raised to an angle of about 10 degrees, and before any of the smaller ladders had been run out, it fell, with the above results. The firemen at once turned their attention to the injured persons. They were tenderly carried to the rear porch of the wooden building near, in which Drs. Michaux and Battle have offices, and guards placed around to prevent the crowd from coming too near. When the wounds had been carefully dressed the unfortunates were taken to their homes. Some of the firemen sat up with Mr. Byrd last night and provided nurses for the woman also. Both rested as well as could have been expected, and are doing well today.

TESTING THE TRUCK.

After the injured persons had been attended to, some of the firemen who understood the truck perfectly, set about to ascertain, if possible, what caused the accident. Everything about the apparatus is automatic and no one knew how the ladder could have fallen. It was afterwards raised to every possible angle and the cranks jerked off, but it would not fall again. The ladder was rocking slightly before it fell, and this is most probably the cause of the fall. The truck was not damaged. The firemen regret the accident very much, though positively no blame is attached to them.

Highway Robbery.

Joe Johnson, a white man, was robbed just beyond Warnersville yesterday afternoon He lives near Mr. Carl Weaterly's and was on his way home from the city, when he was overtaken by a tall negro wearing a derby hat, who said that as he was going near the same place, they would walk along together. They had not gone far when the negro struck Mr. Johnson on the head, knocking him senseless, and robbed him. The negro secured only 75 cents and a pocket knife.

The driver of Mr. Weatherly's dairy wagon found Mr. Johnson and took care of him. The driver met the negro described by Mr. Johnson, a short distance from the scene.

FIFTEEN AMERICANS LOST.

Lieut. Gilmore and Fourteen Comrades Captured By Filipinos.

ENSIGN STANDLEY'S STORY.

Search Was Made For The Boys By The Yorktown's Marines But No Traces Were Found.

By Cable to THE TELEGRAM.

Manila, April 19—Dewey sends further information regarding the capture by the Filipinos of Lieut. Gilmore and fourteen of the crew of the Yorktown. It appears that Gilmore, with Ensign Standley and a boat's crew, were sent up the river from Baler Bay to communicate with the Spanish garrison. The town of Baler is some distance inland, and Ensign Standley, who was landed at the mouth of the river, reports that he heard three volleys, a bugle call and cheers up the river, but the automatic gun or any part of the boat's heavy equipment was not heard. Standley paddled back to the Yorktown in a canoe. Search was afterwards made for the boat and crew, but no traces were found, and the Yorktown sailed for Ilinola, whence the commander of the vessel cabled Dewey his theories.

The Filipinos either captured or sunk the boat, or else there was treachery on the part of the Spaniards.

RELEASE OF SPANISH PRISONERS.

Manila, April 19—General Rios is about to make a final effort for the release of the Spanish prisoners in the hands of the insurgents. Cols. Rosales and Romio will be sent through the lines from Malolos to offer, upon the authority of Gen. Otis, to release all Filipino prisoners in the hands of the Americans in exchange for the release of all Spaniards in the hands of the insurgents. All Filipino prisoners in the Spanish colonies will be released under the same agreement.

SHARP FUSILADE.

Manila, April 19.—A scouting party of the American troops this morning found the rebel skirmish line over a mile long east of Malolos A sharp fusilade followed, but there were no losses on either side.

Brigadier-general King has been relieved, and ordered to the United States on account of illness.

BARTLETT TRIPP TALKS.

The Samoan Commissioner Feels Confident of Success.

By Wire to THE TELEGRAM.

Washington, April 19—Bartlett Tripp, the American commissioner to Samoa, feels confident of success in his new international undertaking. He is quoted as having said to a friend: "There are no insuperable difficulties attending my mission. It isn't as though a mastery of the continent was involved, the comparative smallness of the interest at Apia being a pretty sure guarantee against serious trouble of any sort."

Student Riots.

By Cable to the TELEGRAM.

St. Petersburg, Russia, April 19.—Serious riots occurred today at the University of Keiff, the rioters smashing the windows of houses and stores with stones. Troops dispersed the mob, injuring several, and four hundred participants were arrested.

Further Fighting Useless.

Harrisburg, April 19—It was admitted this morning that further fighting on the senatorial question is useless and the legislature will adjourn without electing a senator. There is still talk of an extra session, but it will probably end in talk.

Lovely china and porcelain novelties were the souvenirs of the happy afternoon. After the meeting the club went in a body to Mrs. R F. Meeting at the Baptist Church.

Mr. Love preached last night on the parable of the rich man and Lazarus. More serious and earnest attention was never given a preacher. The marked contrast between the two characters in this life was forcibly presented. Especially vivid was the description of the death of these two widely different characters. Poor Lazarus lay at the gate, watched over by the dogs, with twinkling stars above him; but as his eyes were lifted upward he saw beyond the stars, and presently the gate of heaven opened, and a convoy of angels came to bear him to the bosom of Abraham.

The rich man died. The hired mourners came to take up their heartless wail. A burial of splendor, in keeping with his life of luxury, was given him. But in the next scene, how every thing is changed! Lazarus in Abraham's bosom, the rich man in hell. Lazarus comforted, the rich man tormented.

It was a sermon never to be forgotten by those who heard it. Quite a large number asked the prayers of the Christian people in their behalf. Yesterday afternoon Mr. Love spoke on "Spiritual Power and How to Get It." These afternoon talks are exceedingly helpful to Christian people.

Rev. E. E. Gillespie.

The meeting at the First Presbyterian church is increasing in interest. Last night inquirers were seeking Christ. Mr. Gillespie is one of our Greensboro boys, of whom our town may well be proud. Though a young man, he occupies with conspicuous success one of the highest and most responsible positions in the gifts of the North Carolina Synod, that of Superintendent of Synodical Missions.

Mr. Gillespie's voice is clear, musical, pathetic; his manner is intensely earnest; he preachers "Like one who ne'er may preach again and as a dying may to dying men" Service s each day at 4 and 8 p. m.

A Trifling Fire.

The fire department was called out shortly after noon today to extinguish a small hut at the rear of the Telephone Exchange building on Davie street. They responded immediately to the alarm and the flames were stopped with chemical extinguisher. The fire caught from the stove flue. The damage was trifling.

The Protector hose wagon did not reach the scene. Two horses were hitched to it and when near the court house, going at full speed, the hames on one of the horses broke. He was caught by a number of men who rushed to the rescue of the driver. No one was hurt.

The Car Wreckers.

The trial of the little coons, charged with tampering with the brakes on the Southern's cars, came up before Mayor Taylor yesterday afternoon. Officer Whittington presented to His Honor, Will Crump, Jim Huffines, Leg. Culbreth, Alex Morefield, Chas. Span, Enoch Hart and Chas. Graves. After hearing the evidence, Mayor Taylor sentenced Crump, Huffines, Culbreth and Hart to 15 days on the county roads. Span and Graves were liberated and Morefield let off upon payment of costs.

THE "RALEIGH" CEREMONIES

Were Participated In By Many Prominent Carolinians.

PASCO WILL BE RE-ELECTED

Senator From Florida—He Has Held The Seat For Six Years—Mr. Tallifero His Opponent.

Special to the Telegram."

Washington, April 19—A large number of southern people from Washington went over to New York to participate in the celebration incident to the return of the Raleigh from Manila. Nearly all of the North Carolina officials in Washington went to New York, including Col. James E Boyd, Assistant Attorney General, the latter being a member of the reception committee. The North Carolina contingent were especially interested in the presentation to the Raleigh of the magnificent silver service presented by Mrs. Haywood, of North Carolina, who christened the cruiser at the Norfolk Navy Yard. Several prominent southern people, principally from the Old North State, not in official life in Washington, passed through this city last week, and Sunday, enroute to New York, for the purpose of being in attendance at the ceremony. Among others who passed through the city were Ex-Congressman Scales, Ex-Governor Holt, Mr. Haywood, husband of Mrs. Haywood, and son, and many others.

At the navy department it is said that the demand for the cruiser Raleigh is very great, and that it will be impossible to accede to half of the requests which have been made. The vessel will go to Portsmouth, New Hampshire for repairs, and may be sent to Norfolk, Va. The latter part of this month and the first of May, she will be sent to Philadelphia to take part in the celebration incident to the destruction of the Spanish fleet at Manila during the early part of the Spanish war. During the Confederate reunion she will be ordered to Charleston, South Carolina, where she will remain for several days.

Assistant Attorney General Boyd and other officials who went to New York are expected to return today.

Mr. Harry Smith, who has just returned from Florida and the South, was seen Tuesday morning. In speaking of different matters he stated that in his opinion the senatorial question in Florida would be settled by the re-election of Senator Pasco, who has held the seat for six years. The Senator, he stated, has the best of the situation, in his opinion, and will not experience any great difficulty in securing a re-election. Mr. Talliaferro, a prominent Florida gentleman, is Pasco's leading opponent, and the contest in the Legislature will probably be between these two. Ex-Senator Call is a candidate, but has no large following in the Legislature. In speaking of Call's ambition to come back to the Senate, Mr. Smith said that he will probably not have more than half a dozen votes in the entire Legislature. The entire membership is about one hundred, and is composed exclusively of Democrats.

President Harper and Vice-President Thomas, of the Virginia Democratic Association, have declined to accept the magnificent silver service which was presented to them by the association as a testimonial. Their objection to receiving the gift is said to be because they do not think the money of the association should be spent in that manner.

Mr. Ernest Remington, of Greensboro, N. C., who is visiting relatives at Alexandria, Va., was in Washington the other day for the purpose of taking in the national capital.

The comptroller of the currency has approved the Tradesmen's National Bank, of Philadelphia, as reserve agents for the Commercial National Bank, of Charlotte, N. C.

The comptroller has also approved the Fourth Street National Bank, of Philadelphia, as reserve agents for the National Bank of Newbern, N. C.

Sarah E. Parker has been appointed postmistress at Cherokee, Swain county, N. C.

Among postmasters commisioned in North Carolina are the following:

An All Star Aggregation.

One of the neatest lines of Oxford ties ever shown in Greensboro is now offered at Shrier's. Ordinarily it is difficult to procure a comfortable shoe under $1.50 or $2.00 as they are usually stiff and unyielding to the foot. Such is not the case with our $1.25 vici kid Oxford ties in black and colors made over the popular coin toe. These shoes are soft and flexible and guaranteed to give entire satisfaction. Shrier's, 216 South Elm st.

ROYAL ARCANUM.

Grand Counsel of North Carolina Met Here Today.

The Grand Council, Royal Arcanum of North Carolina, met in this city this morning. The meeting was attended by forty-five representatives of the different lodges in the state. All of them are prominent men in their respective sections and together, make a fine looking and intelligent crowd. Hon. A. M. Scales, of this city, is grand regent, Dr. Howell Way, of Waynesville, grand secretary and A. M. Powell, of Raleigh, grand treasurer. Their successors will be elected this afternoon or tomorrow.

The young ladies of the State Normal and Industrial College give an entertainment tonight, complimentary to to the visitors. The Royal Arcanum is the largest fraternal insurance organization in the world.

Good Road Congress.

Prof. Holmes, of the University addressed a meeting of the county commissioners and the citizens of Wilmington and New Hanover county, on Monday, in regard to good roads. Let a meeting be held in Greensboro on the 6th of May to discuss this most important question.

Monroe's Smallpox Cases.

Monroe, April 17.—There are in the pest house here two men suffering from smallpox, and both of them came from Raleigh. Yesterday morning from the same place came a woman who has recently had the disease, but who is about recovered. She had no certificate or history of her case, and there being no way to discover whether her person and clothing had been disinfected, she was sent back to the place whence she came.

After Dr. Long's visit here Saturday and his report on the two cases at the pest house, compulsory vaccination was ordered in all parts of the town and suburbs, and this has been going on rapidly. There are a few persons, all colored, in the house of detention. —Special to Charlotte Observer.

The question where to buy your shoes is a very important one—the store that carries the best styles at the lowest prices is the place you want to trade at. Shrier has both. 216 South Elm street.

"THE WHITE MAN'S BURDEN."

The following clipped from the Presbyterian Standard of recent issue, from the pen of Rev. Robert F. Campbell, D. D., speaks for itself. Verily the harvest is plenteous, but the laborers are few:

A great deal of what has been written about "the mountain whites of the South" has excited bitterness and resentment among them. This is due partly to sweeping and indiscriminate statements, partly to the bad odor that always emanates from a class appellation that seems to imply peculiarity, if not inferiority. A few have written as though they had visited a menagarie and were describing what they saw when the animals were stirred up! Of course this has stirred the animals up still more.

The writer proposes to "speak in love." If any of his own people should feel inclined to take offense at aught that may be said, he can only ask with sorrow of heart, "Am I therefore become your enemy, because I tell you the truth?"

We have been too sensitive and proud in our attitude toward those have sought to make known the sad conditions of large numbers of our people who are far removed from the highways of civilization. We have been the more inclined to resent these statements, because those who publish them have often appeared to assume (perhaps unconsciously) that the state of affairs described is peculiar to this part of the country, and that it is a fair picture of the general condition of the people. All this seems to be implied in the very term, "Mountain Whites of the South." As a matter of fact the same condition of affairs is found, though not so extensively, in the mountains of Pennsylvania and New York, and in large sections of the West, and a much worse condition exists in parts of every great city in the Union. And on the other hand, a large proportion of the inhabitants of the Southern Appalachians are the equals in character and intelligence of any population on the globe.

While, therefore, we may feel justly outraged by an indiscriminate classification of our people as heathen, this should not deter us from looking indisputable facts squarely in the face, and from acting vigorously in accordance with what we see.

If the Apostle Paul had "great heaviness and continual sorrow in his heart for his brethren, his kinsmen according to the flesh," and if his "heart's desire and prayer to God for them was that they might be saved," surely the deplorable condition of many of our kinsmen according to the flesh ought to constitute a strong appeal to the sympathies and prayers of our people throughout the length and breadth of this land.

In the summer of 1898 the Presbyters of Asheville commissioned two evangelists to investigate the destitutions within her territory, which comprises the eleven most westerly counties of the state.

These evangelists, too, are both "mountain whites," and their natural bias is to an understatement rather than an exaggeration of the evil conditions encountered. They were directed to leave railroads and telegraph lines, and the larger valleys behind, and to penetrate into secluded coves and highlands and report what they found. They spent a little over three months in this work, preaching from house to house and in the woods, and sharing the rude accomodations and plain fare which the people offered with true hospitality.

In publishing the results of these investigations, there is no other object in view than to inform the more intelligent of our own people in regard to the apalling condition of many of our fellow citizens within the bounds of our own counties, and to invite aid from all sources in overtaking the destitutions that confront us. It is time for us to make a thorough-going diagnosis of the case, and then apply the proper remedies for the disease that are found to exist. It is bad policy and bad principle to shut our eyes to patent facts. The first step toward improvement is to acknowledge the need of it. The following statements can be abundantly verified, if any one is disposed to challenge them

Our evangelists found numbers of homes without a lamp, a candle, a comb, a brush, a looking-glass, or similar articles of civilized life. Many of the people had never seen a town and the buggy in which the evangelists traveled was in some places considered a great curiosity.

The food was coarse, half-cooked, and often served on pieces of dishes black with dirt. The same vessel was frequently put to ablutionary and culinary uses. At night the evangelists often occupied the same room with the family. In one of the coves they found a man and his ox occupying the same hut. The man claimed to have come from Wisconsin and North Carolina is glad to be relieved of the responsibility of his nativity.

Several of our counties have no newspaper, which lack is at once a symptom and a cause of ignorance.

Need we be surprised to learn that there are many families in these counties of which not a member, old or young, can read a syllable and in whose homes there is not a word of print—not even a patent medicine almanac!

What is worse, many families of a more intelligent grade were found without Bibles.

This condition of affairs may account for the apologetic lines written in our state hymn by Judge Gaston:

"Though the scorner may sneer at and witlings defame her,
Yet our hearts swell with pleasure whenever we name her."

Alger has been on a journey. (Nobody cares.) He was not missed at Washington, nor welcomed at Cuba. (No.) He visited the scene of his fatal blunders, his criminal neglects, without a compunctious throb (the old scoundrel!), where the drivelling ghosts of his murdered countrymen chatter in the silent night. (He ought to be shot!) He came back safe, and the winds did not sweep him and his vessel from the face of the Atlantic. (Fie on the winds!)

There need be no uneasiness on account of the estimate that America's stock of coal will only last us 600 years longer, as the Philippine experiments have demonstrated that the atmosphere can be successfully burnt.

There will be a total eclipse of the sun in 1900 visible in this state. A delegation of savants from Princeton University will come to North Carolina to make observations.

The most pleasing news we have to offer today is that the Pennsylvania legislature will adjourn tomorrow. Mr. Nobody won in the fight for the senatorship.

Oak Ridge, April 18, '99.

W. H. Riggsbee, of Burlington, was here last week taking the class pictures for the catalogue.

Mrs. M. H. Holt went to Greensboro yesterday.

Capt. Robt. L. Carter will carry his track team down to the University on the 29th inst. and attempt to recapture the championship banner.

The Oak Ridge ball team returned from their eastern tour Sunday night. Out of the series of four games they won three. The first game at Horner's was pitched by Malone. Oak Ridge won by a score of 5 to 4. The second game was played at WakeForest. The WakeForest "rooters" in their enthusiasm rushed up and prevented the catcher from getting a ball and allowing Wake Forest to score. Wake Forest won by a score of 5 to 4. In the second game at Wake Forest, Oak Ridge won by a score of 10 to 1. Brake holding down the local team to three hits. The last game of the series was played at Raleigh against the A. & M. Malone and Bennett in the points for O. R. I. Oak Ridge won by a score of 4 to 2.

Saturday Oak Ridge will play Horner at Oak Ridge. Greensboro friends are invited to attend the game which will undoubtedly be interesting.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and $1.00. Every bottle guaranteed.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. WINE OF CARDUI

HEALTHY OLD AGE.

LABUS, BENTON CO. ARK., Aug. 4.
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.

Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

Baldness Can be Cured
just so long as there is a particle of vitality left in the hair roots. The fact that the head is smooth and shining is no positive proof that the roots beneath are dead.
Deep down beneath the skin, hair roots may yet exist, filled with latent vitality, and all that is required to develop them into a beautiful head of hair is the faithful application of the proper agents.
Seven Sutherland Sisters'
preparations furnish the easiest, surest and quickest way to ascertain if there is or is not latent life beneath a head bare of hair. Why not try them?

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of this vile poison, and only attempt to heal up the outward appearance of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely."

It is valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swifts Specific—

S. S. S. FOR THE BLOOD

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. Write for full information to Swift Specific Co., Atlanta, Ga.

Messrs. G. T. Kearsley & Company yesterday sold several desirable lots between West Market and Summit avenue, to an outside party. They are situated in the most desirable residence section of the city and the purchaser will probably build on them.

While the firemen were out yesterday afternoon the Eagle hose wagon was taken out for a spin on Summit avenue. While the wagon was going slowly Billy Smothers' dog was run over and received injuries from which he died last night. Billy is one of the most faithful members of the Eagle company and knows that it was the dog's fault.

Every day the growing crowd gives evidence of their appreciation of our new idea of progressive merchandising and we find a most pleasing result from our new method. Instead of figuring how to make the largest profits, we find better results from figuring how to use greater purchases, and day by day our business increases, because in creating the outlet we are enabled to dispose of larger quantities—and in many instances the manufacturer's entire stock in a few days' time. We don't mean by this that we can give you one dollar's worth of goods for five cents, but we do mean that we often buy such stocks at a great sacrifice and we give our customers the benefit. The manufacturers come to us because they know that no quantity is too large and no quality too fine for us to handle,

Every table will be laden with bright new bargains in desirable white goods, wash goods, dress goods, silks, ribbons, laces, embroideries, etc., etc., for this week's sale.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large cities are greater. True, the quantity is greater, but the assortment is no better, and the price is correspondingly higher, owing to the increased expense.

Kindly call on us at your earliest convenience and allow us to prove to you that these statements are true.
